

A Special Christmas Message

We are living in a Post Roe V. Wade world. In 1973, abortion was legalized in our country by our U.S. Supreme Court. On June 24, 2022 that decision was overturned. So what does that mean to all of us, our country and for the future of the unborn? Abortion availability now becomes a decision that each of our 50 states has to decide.

It is vital that we as the church of Jesus Christ and Christians stay engaged and run towards the giant like David did when engaging Goliath. After the stone delivered the fatal injury, David took Goliath's own sword and severed the giant's head. The ruling was a deadly blow, but the forces against LIFE are not defeated yet. North Carolina's politics and leadership lean liberal in many places and are now contemplating the sickening phenomenon called "Abortion Tourism". North Carolina is determined to be a destination state. The destination is not our beautiful mountains or glorious beaches but rather an evil on a scale beyond comprehension. Not only would North Carolina host the busiest abortion clinic in the southeast, become an abortion destination, become known as a state that murders the most innocent, but we would also see the rise of mobile abortion units in our border cities to expand the culture of death.

HELP Pregnancy Center and our new satellites which will be opening in Indian Trail and Marvin, are more significant now than ever to the future of the unborn. The recent victory of the U. S. Supreme Court ruling is definitely a step in the right direction toward recognizing the value of the unborn. However, do not be deceived into thinking that the spirit demanding abortion rights will give up and let LIFE win. Facts are not important in a culture of death. We must not rest on our success. We must continue to put our faith into action by fighting for LIFE. We must be there to share the love of Christ in both words and deeds to all the families we encounter.

Google, yelp and liberal politicians are strategically censoring the pro-life movement. Pro-choice forces in our country have worked overtime to suppress and destroy us. We know our clients search online to locate information and options for unplanned pregnancies. We also know these vulnerable women are in desperate need, yet these media conglomerates only want women to be exposed to one choice—Abortion. Pregnancy centers are under attack across our nation and are being threatened, vandalized and slandered. The women seeking options are preyed upon and inundated with lies. Since May, over 60 pro-life facilities have experienced disturbances, vandalism and violence. We are not immune to this chaos and persecution as it grows more aggressive daily. We have decided we will not shrink back, but boldly fight on.

Hebrews 10:39 reads: "But we do not belong to those who SHRINK BACK and are destroyed, but to those who have FAITH and are saved." As we organize, plan and infiltrate the depths of the darkness to reach out and find these women in order to lavish them with the truth of God's redemptive love and the value of LIFE, we need you to walk alongside us and HER to save them, the least of these innocents.

Please consider a special year end donation to help us grow in our community and not shrink back but to run towards the giant, so that many more lives can be saved. Please use the enclosed envelope, or give online at monroehelp.com. Thank you for your continued support and friendship on behalf of the unborn and have a blessed Christmas.

An Empty Manger

by Marcia McNeil

What if an empty manger had been laying there that night and what if those chosen for this destiny, would have decided not to fight. I am sure there were many reasons to not have this Baby faire, but something deep inside them knew a light would come to bear. Every child is precious to the Maker that gives them life, this God-Man was a miracle, fashioned to give glory from the mystery that grows inside. Mary could have said, "why did this happen to me, this will make me an outcast from my family and a scarlet letter to my community". All the judging eyes would have been focused on the scandalous teen and Joseph could have chosen to simply slip away and quietly leave the scene. Where would we be today had another choice been made, if left to the customs or cruel and selfish human creeds, I know God would have made another way. So in turn I ask you now, just how can we look at the millions of others who never get to lay in a manger of grace and become sisters and brothers? They are discarded and lost without a thought for the cost and are just thrown away; meanwhile His tempests' rage. A day will come when this curse will pass when a Good King, this baby, rules with peace that will last. As we wait for the day He will rule this away, Give us hearts to pray and courage to stand in their place and lead the confused to this manger of "amazing grace". This Christmas let's remember, all those that will never get to dance and never get to live their "Once upon a December." So let us recount the real purpose of that special baby in a manger, and know His heart is for every life-especially those in inescapable danger. Just like those little ones, He calls out to you to listen and hold on to His message of truth. For this baby this night was a gift to the world and came in this humble way to offer salvation unfurled. His purpose was to come, love them and die, and to offer a sacrifice of His very own life. His perfect life from beginning to end was finished as He shed His blood on a cross to cover our sins. He calls us now from a destiny above and is waiting with those who missed this cradle of love. Answer His call and make Him Savior and Lord, than we too will live with him eternally and see the beauty that is in store. To all those who were lost, never given a life, you can rest in the fact that they are wrapped in His love and laying in a manger tonight.
